Sumário

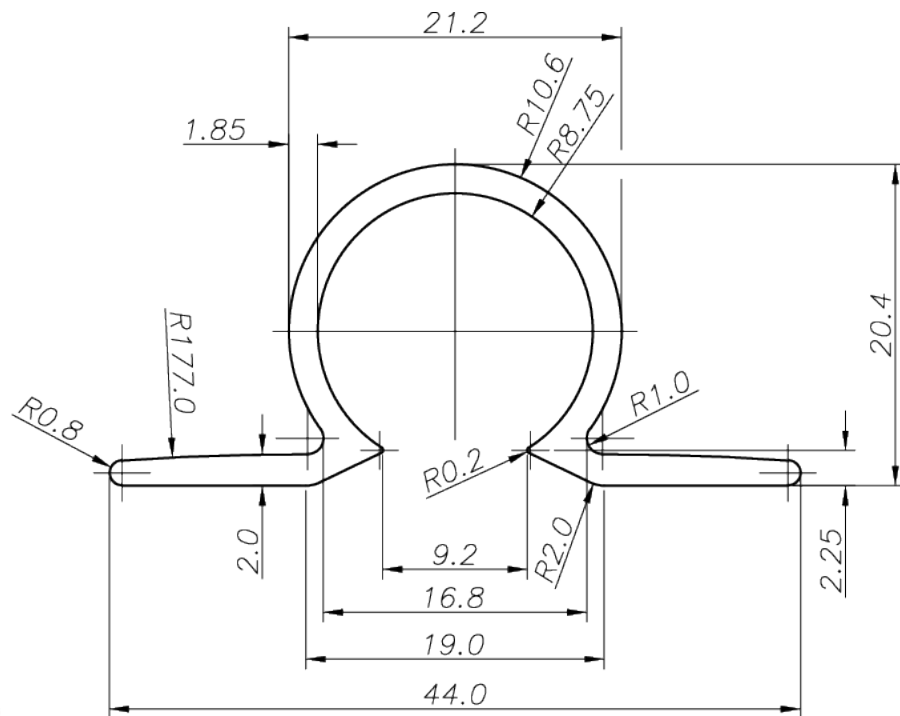

Perfil Ômega li - <i>Ômega Profile li</i> -----	3
Perfil Ômega I - <i>Ômega Profile I</i> -----	4
Conector T 1/2" - <i>T Connector 1/2"</i> -----	5
Conector T 3/4" - <i>T Connector 3/4"</i> -----	6
Conector T 1" - <i>T Connector 1"</i> -----	7
Conector Cortado T 1/2" - <i>Cut T Connector 1/2"</i> -----	8
Conector T Cortado 3/4" - <i>Cut T Connector 3/4"</i> -----	9
Conector Cortado T 1" - <i>Cut T Connector 1"</i> -----	10
Distribuidor De Resinas 6 Vias - <i>6 Way Resins Distributor</i> -----	11
Distribuidor De Resina 4 Vias - <i>4 Way Resins Distributor</i> -----	12
Conector 9 Vias - <i>9 Way Connector</i> -----	13
T Triplo 1 1/4 Redução 3-4 - <i>T Triple 1 1/4 Reduction 3-4</i> -----	14
Espátula Celuloide - <i>Celluloid Spatula</i> -----	15
Espátula Celuloide 95X338 - <i>Celluloid Spatula 95X338</i> -----	16
Grampo De Plástico 13X6 - <i>Plastic Clip 13X6</i> -----	17
Fixador De Plastico + Rebite - <i>Plastic Fixer + Rivet</i> -----	18
Parafuso Sextavado M12x40 - <i>Hexagonal Screw M12x40</i> -----	19
Porca M12 Junção De Alma - <i>Nut M12 Soul Joint</i> -----	20
Porca Flangeada R1 - <i>Flanged Nut R1</i> -----	21
Arruelas - <i>Washers</i> -----	22
Bacia Plástica De 1L E 3L - <i>1L And 3L Plastic Bowl</i> -----	23

PERFIL ÔMEGA II

Canal de fluxo de resina empregado em processos de infusão a vácuo.

OMEGA PROFILE II

Resin flow channel used in vacuum infusion processes.

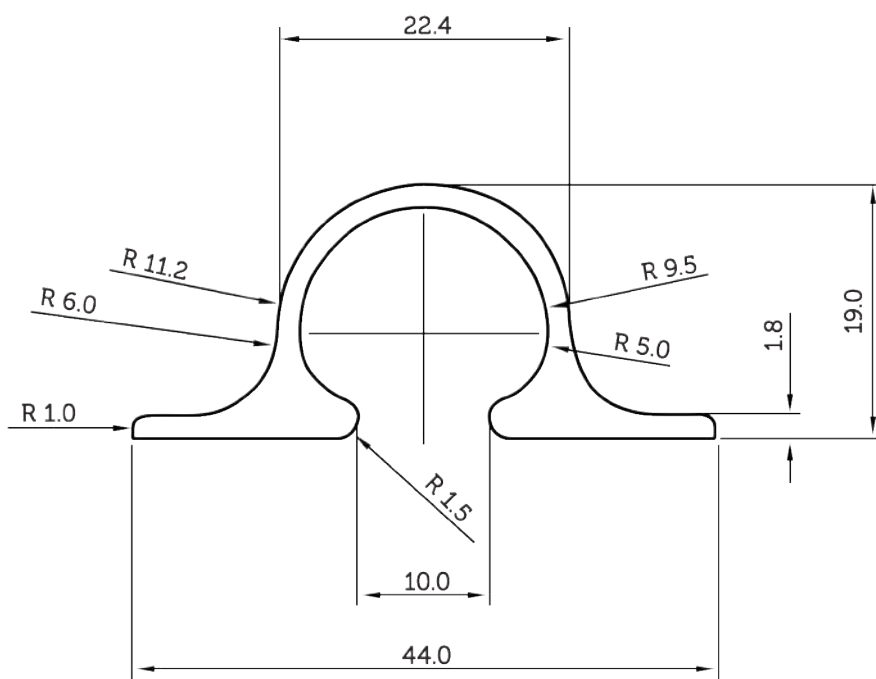

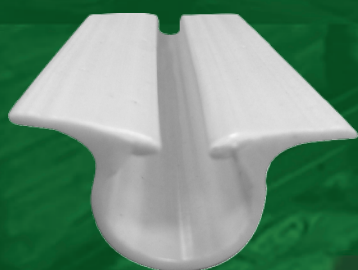

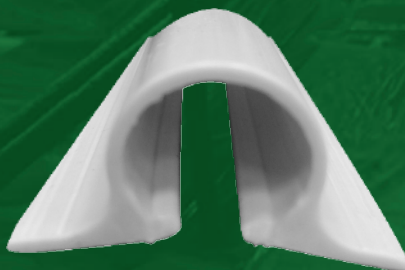

PERFIL ÔMEGA

Canal de fluxo de resina empregado em processos de infusão a vácuo.

OMEGA PROFILE

Resin flow channel used in vacuum infusion processes.

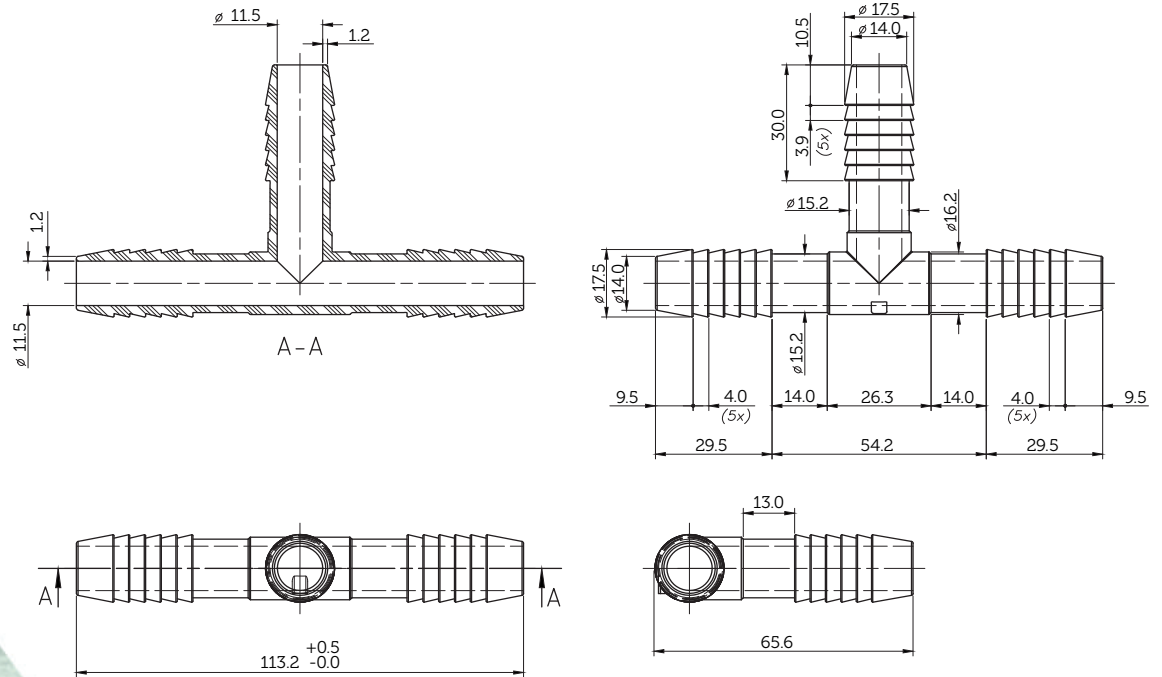

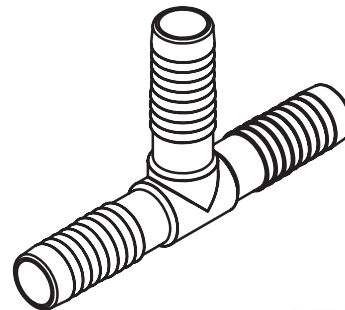

CONECTOR T 1/2"

Aplicado para conectar mangueira de transferência de resina no processo de infusão a vácuo.

T CONNECTOR 1/2"

Applied to connect the flow tube in a vacuum resin infusion process.

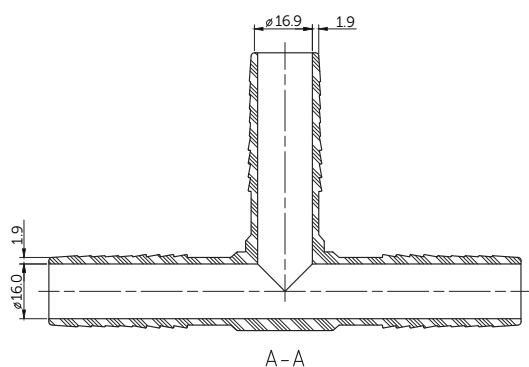

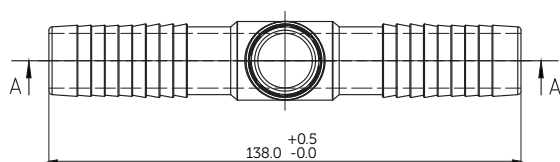

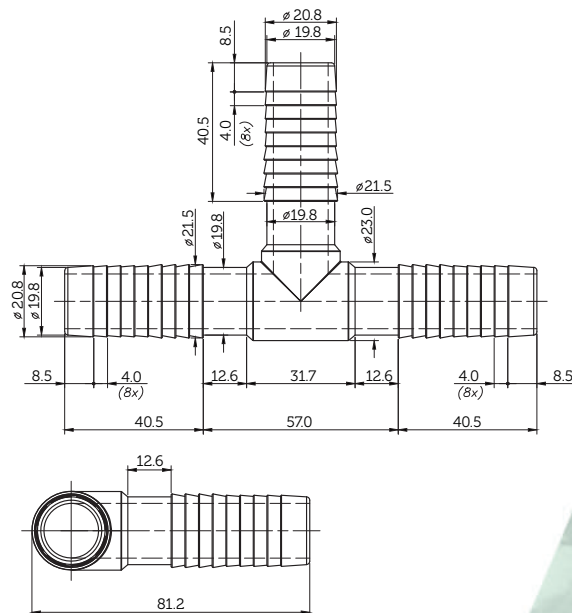

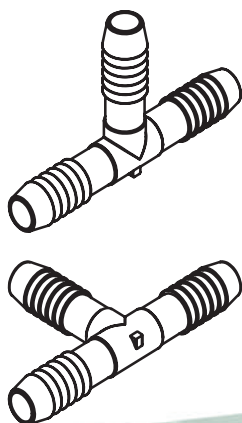

Aplicado para conectar mangueiras de transferência de resina no processo de infusão a vácuo.

CONECTOR T 3/4"

Aplicado para conectar mangueira de transferência de resina no processo de infusão a vácuo.

T CONNECTOR 3/4"

Applied to connect the flow tube in a vacuum resin infusion process.

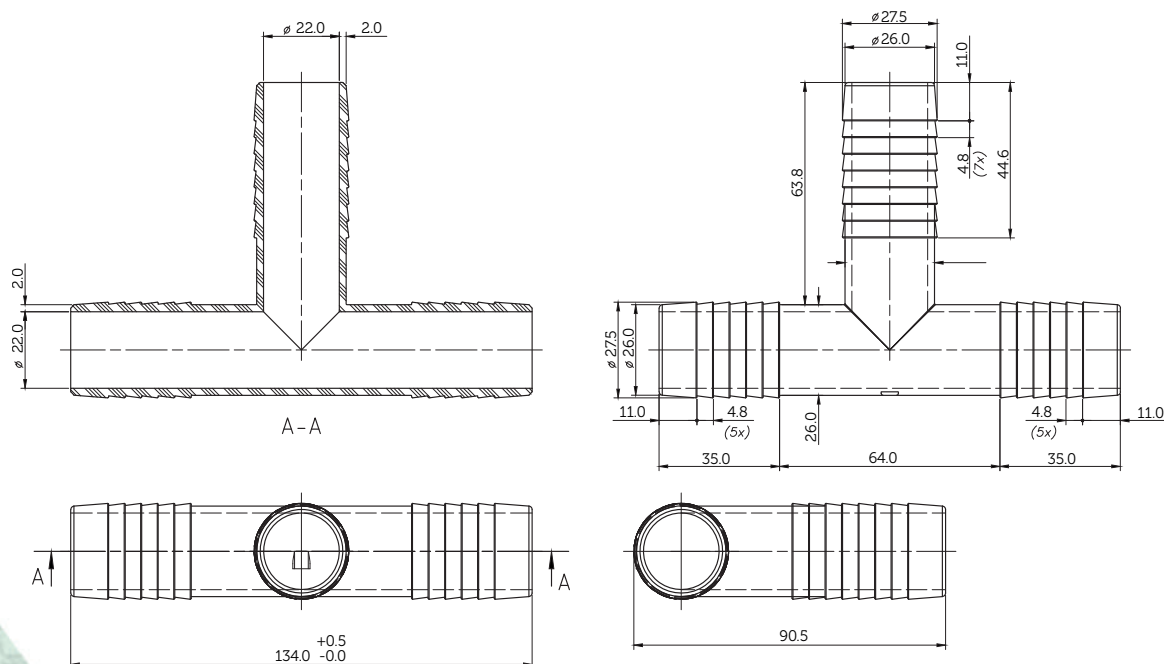

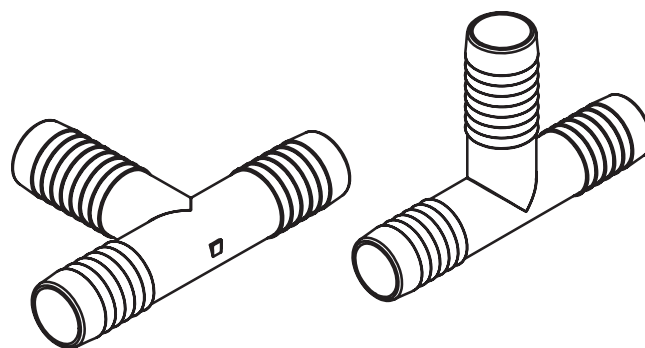

Aplicado para conectar mangueiras de transferência de resina no processo de infusão a vácuo.

CONECTOR T 1"

Aplicado para conectar mangueira de transferência de resina no processo de infusão a vácuo.

T CONNECTOR 1"

Applied to connect the flow tube in a vacuum resin infusion process.

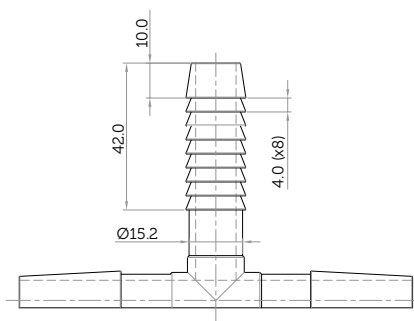

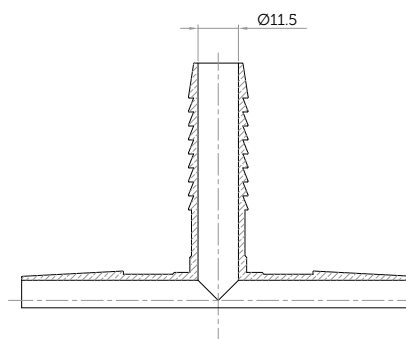

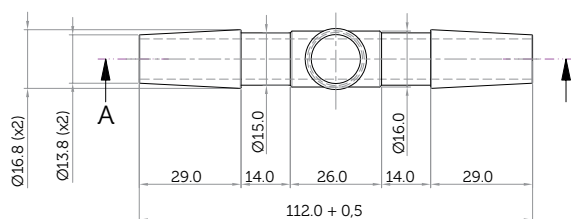

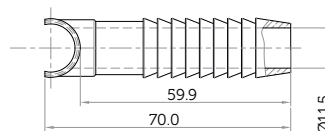

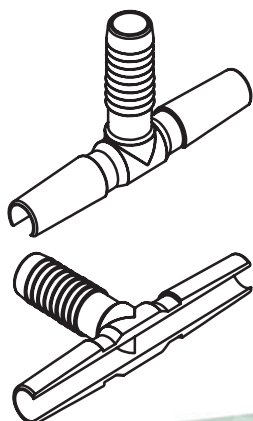

Aplicado para conectar mangueiras de transferência de resina no processo de infusão a vácuo.

CONECTOR CORTADO T 1/2"

Aplicado para conectar mangueira de transferência de resina no processo de infusão a vácuo.

CUT T CONNECTOR 1/2"

Applied to connect the flow tube in a vacuum resin infusion process.

Aplicado para conectar mangueiras de transferência de resina no processo de infusão a vácuo.

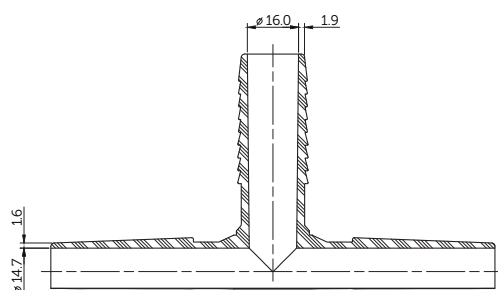

CONECTOR T CORTADO 3/4"

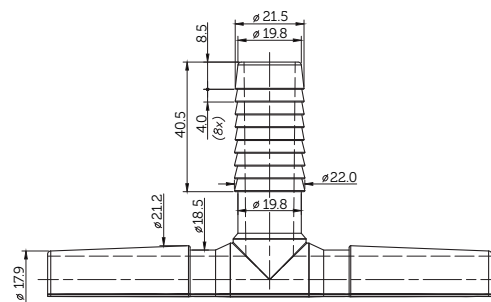

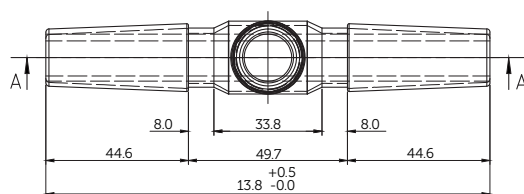

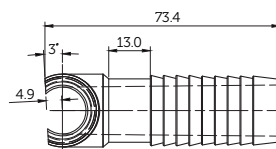

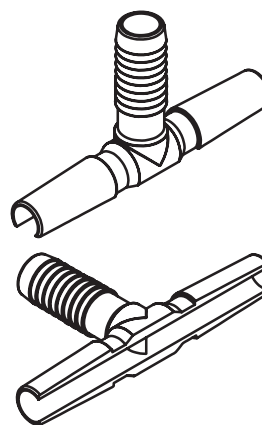

Aplicado para conectar no perfil omega no processo de infusão de resina a vácuo.

CUT T CONNECTOR 3/4"

Applied to connect in the omega profile in vacuum resin infusion process.

A-A

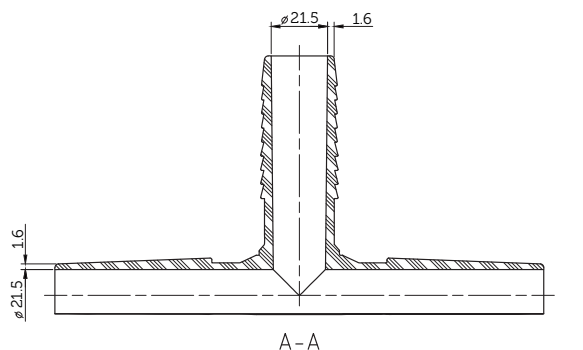

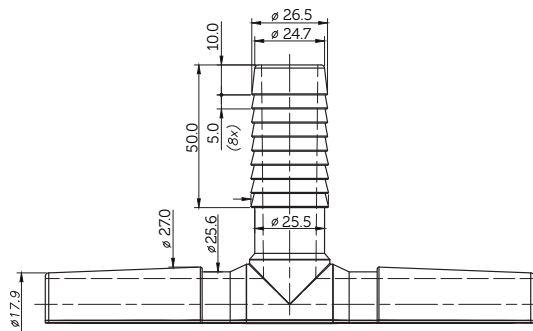

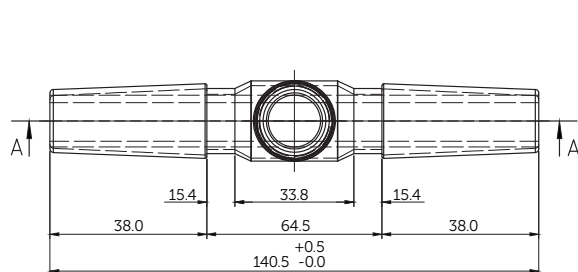

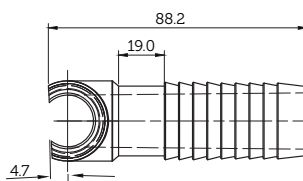

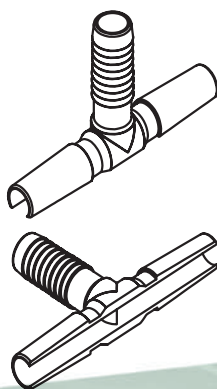

Aplicado para conectar mangueiras de transferência de resina no processo de infusão a vácuo.

CONECTOR CORTADO T 1"

Aplicado para conectar mangueira de transferência de resina no processo de infusão a vácuo.

CUT T CONNECTOR 1"

Applied to connect the flow tube in a vacuum resin infusion process.

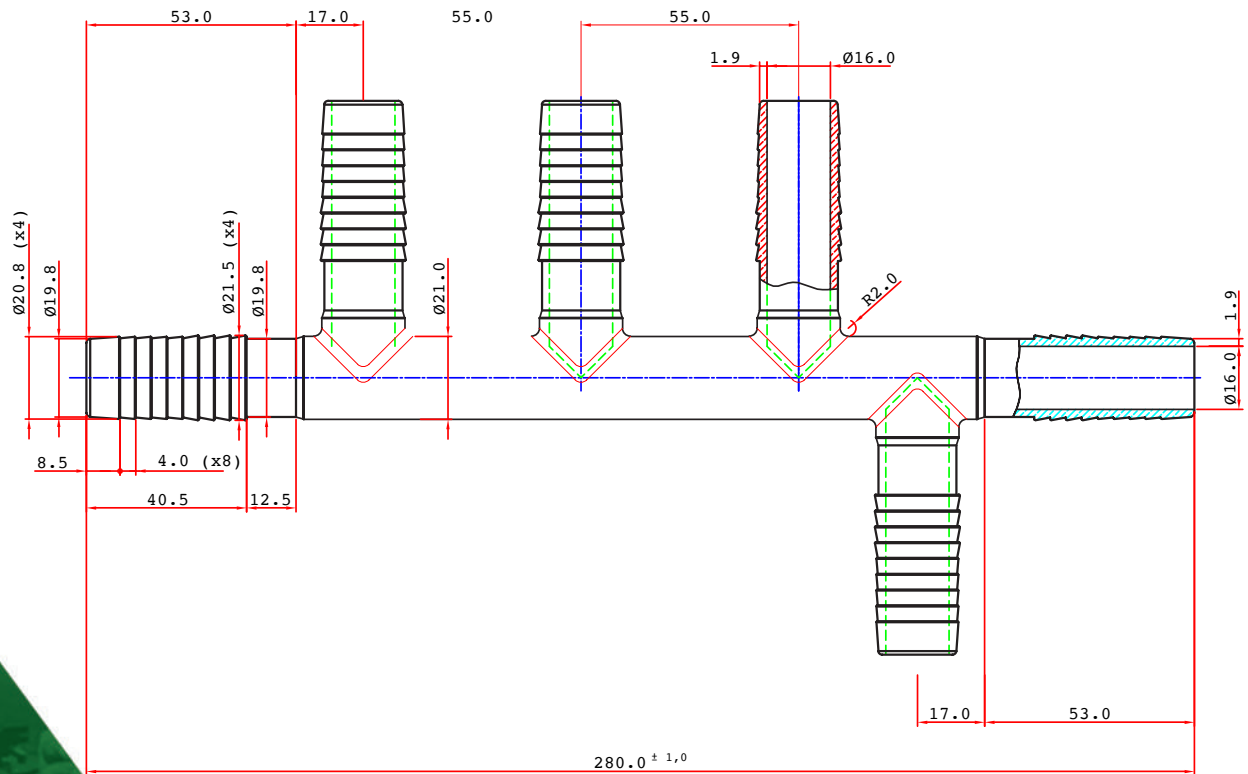

Aplicado para conectar mangueiras de transferência de resina no processo de infusão a vácuo.

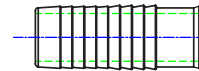

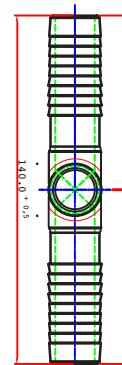

DISTRIBUIDOR DE RESINAS 6 VIAS

6 WAY RESINS DISTRIBUTOR

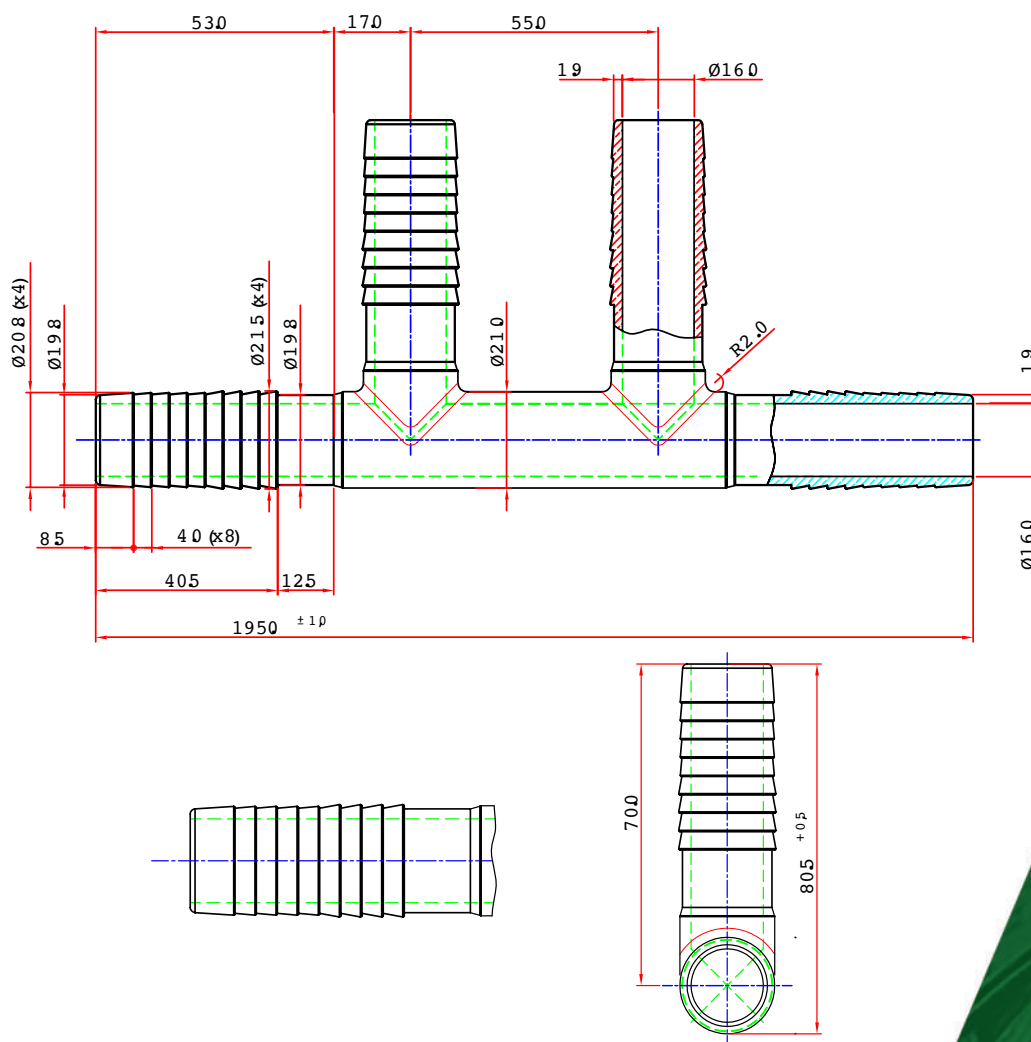

Obs: Todas as entradas de mangueira com a mesma dimensão.

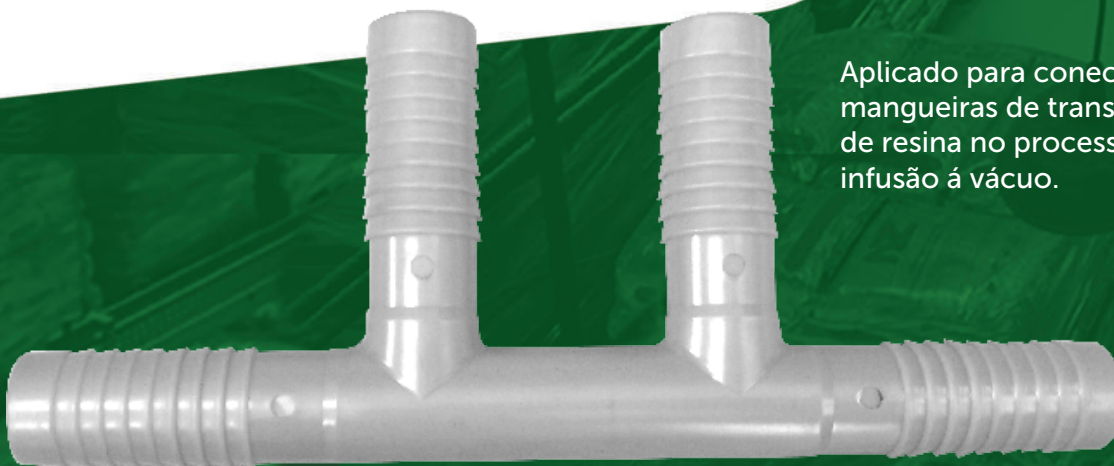

Aplicado para conectar mangueiras de transferência de resina no processo de infusão a vácuo.

DISTRIBUIDOR DE RESINA 4 VIAS

4 WAY RESINS DISTRIBUTOR

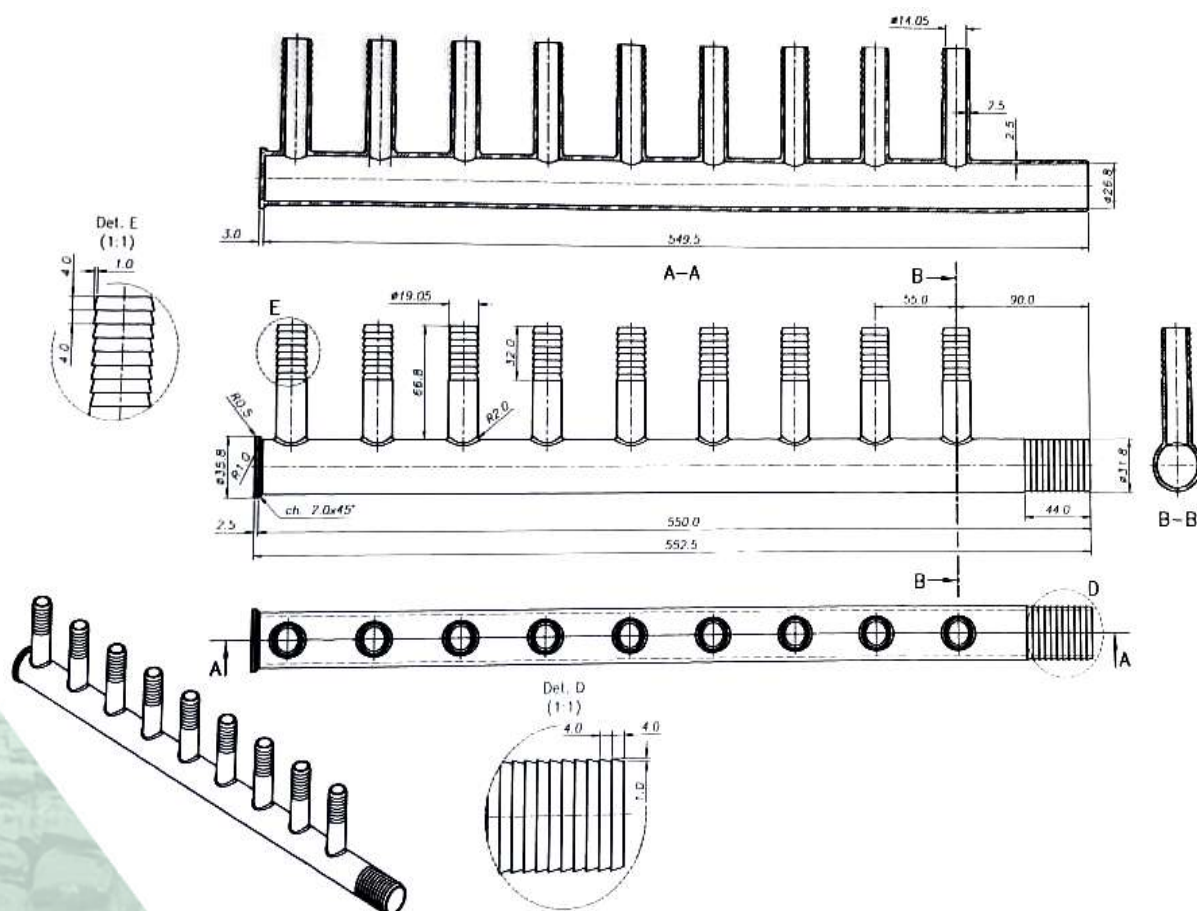

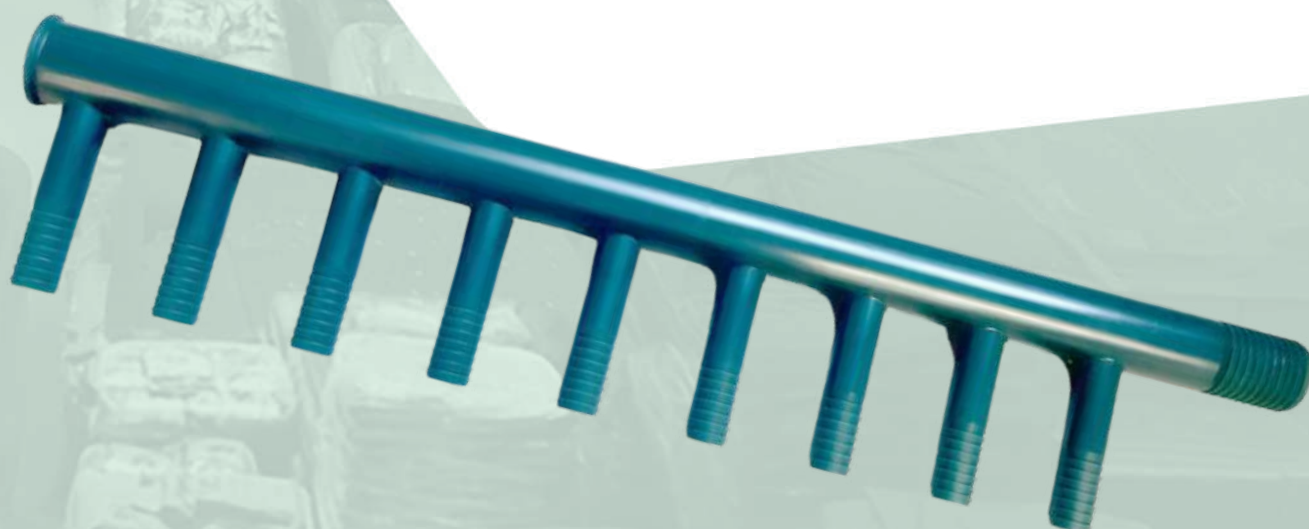

Obs: Todas as entradas de mangueira com a mesma dimensão.

Aplicado para conectar mangueiras de transferência de resina no processo de infusão á vácuo.

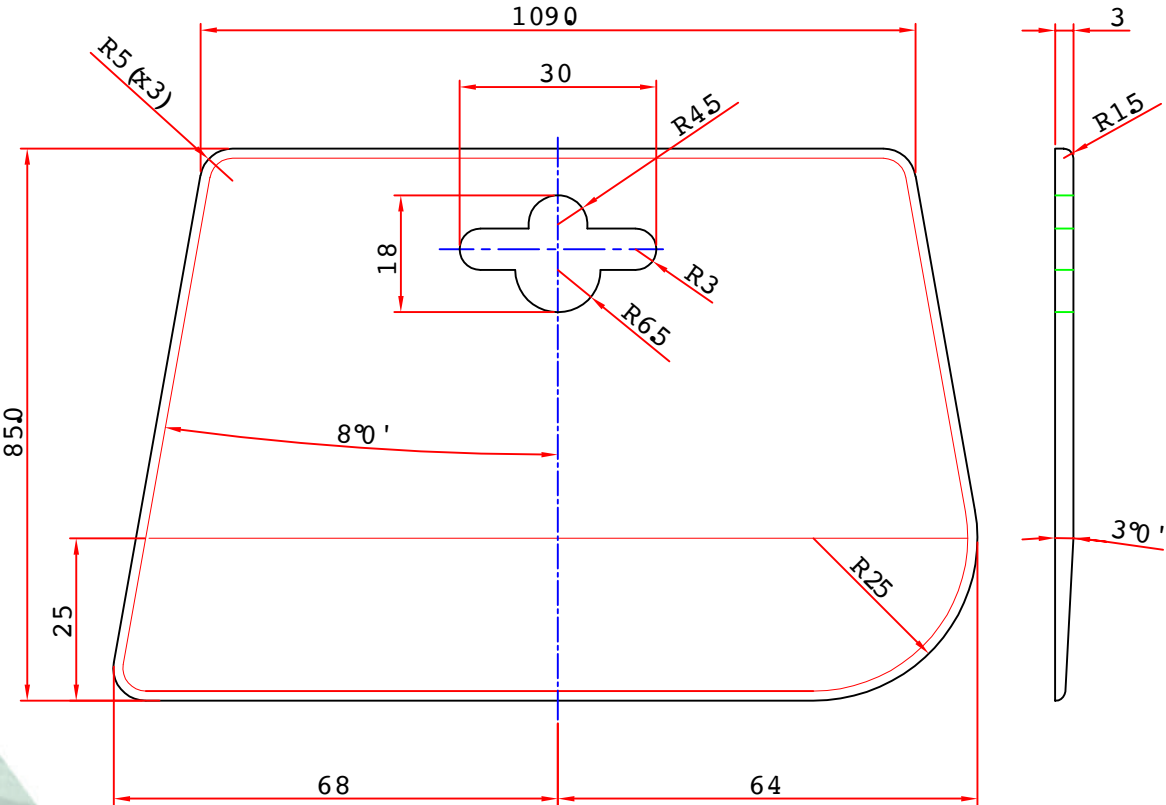

CONECTOR 9 VIAS 9 WAY CONNECTOR

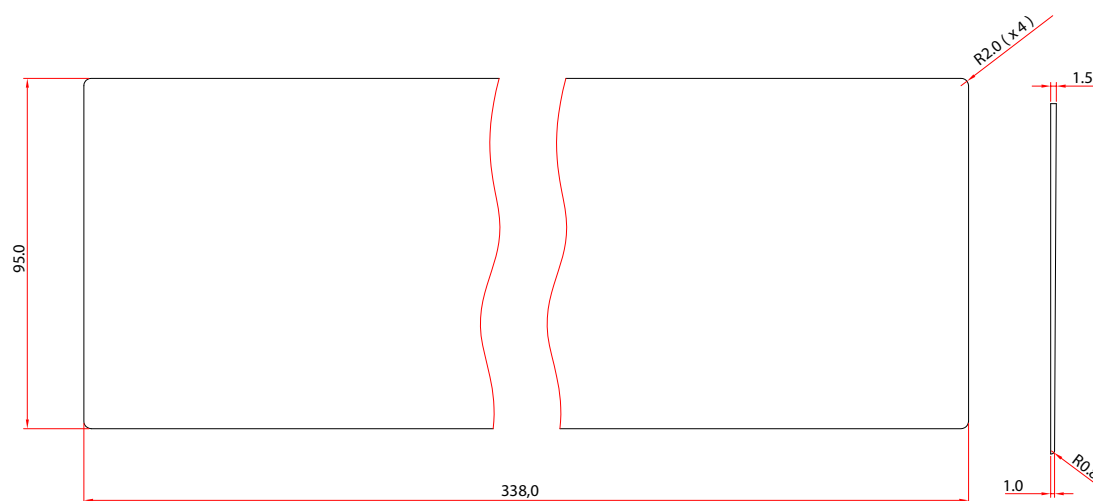

ESPÁTULA CELULOIDE

CELLULOID SPATULA

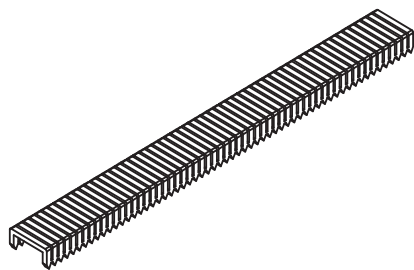

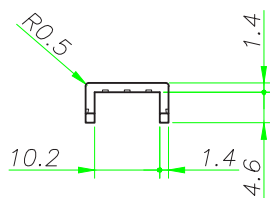

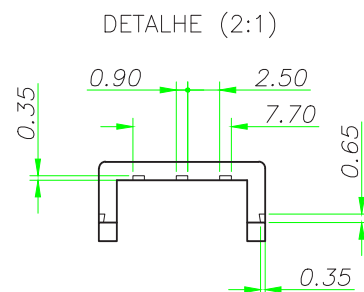

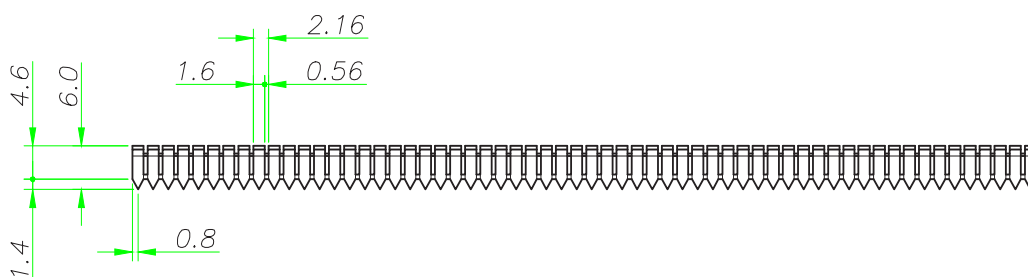

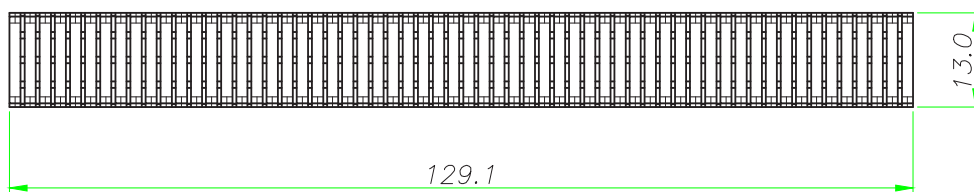

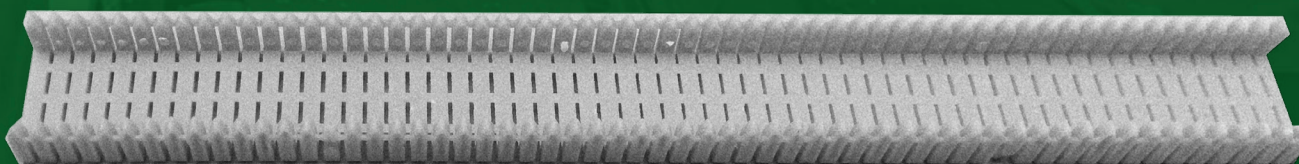

ESPÁTULA CELULOIDE 95X338

CELLULOID SPATULA 95X338

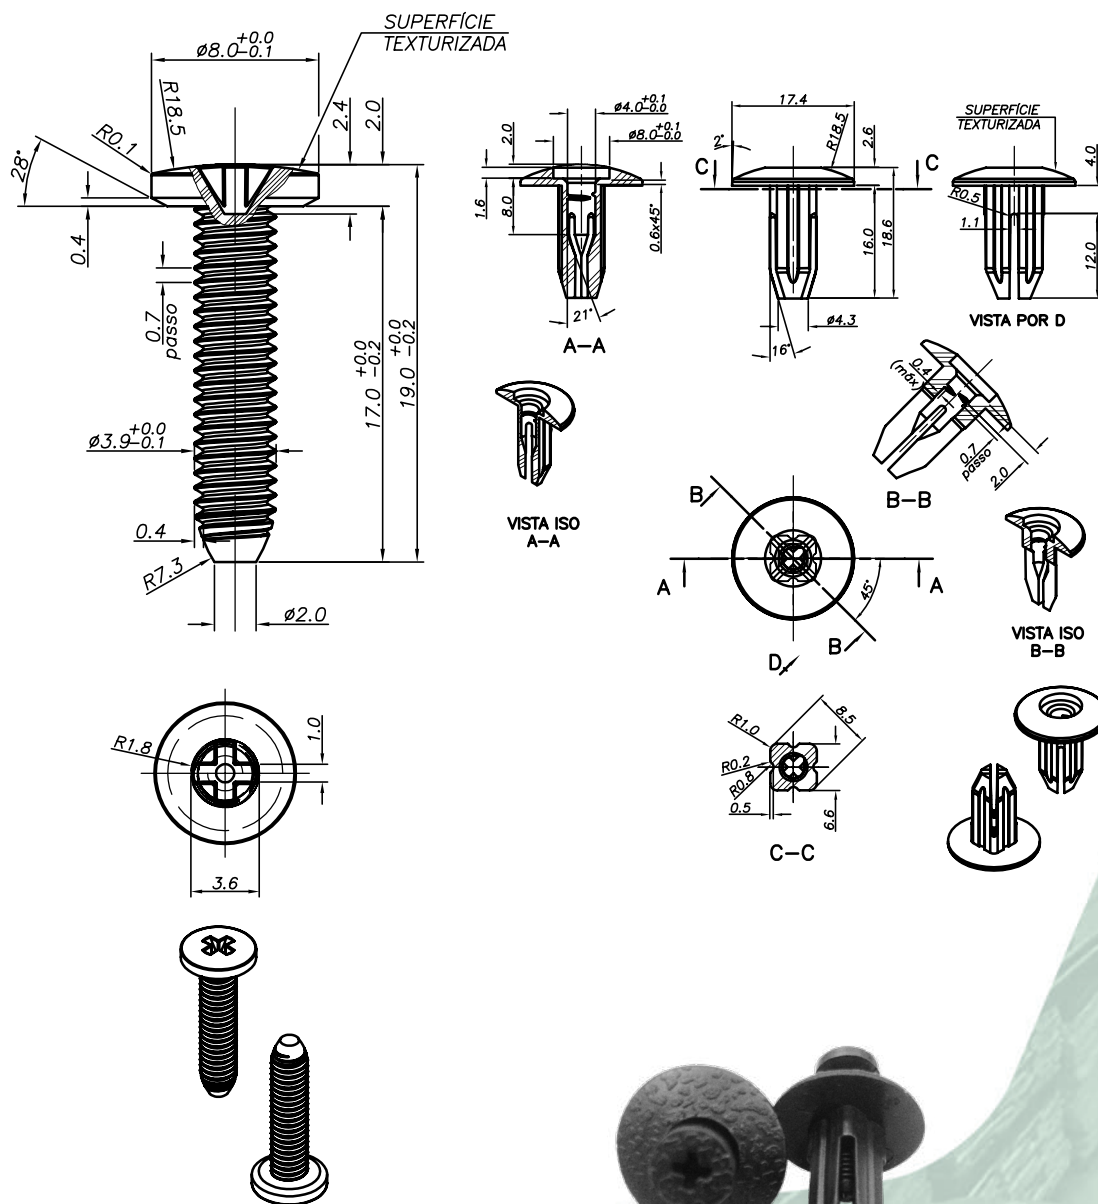

GRAMPO DE PLÁSTICO 13X6

PLASTIC CLIP 13X6

Aplicado para unir placas de madeira balsa, divinycell, entre outras.

FIXADOR DE PLASTICO + REBITE PLASTIC FIXER + RIVET

FIXADOR DE PLÁSTICO + REBITE

Aplicado para fixação de peças moldadas

PARAFUSO SEXTAVADO M12X40

HEXAGONAL SCREW M12X40

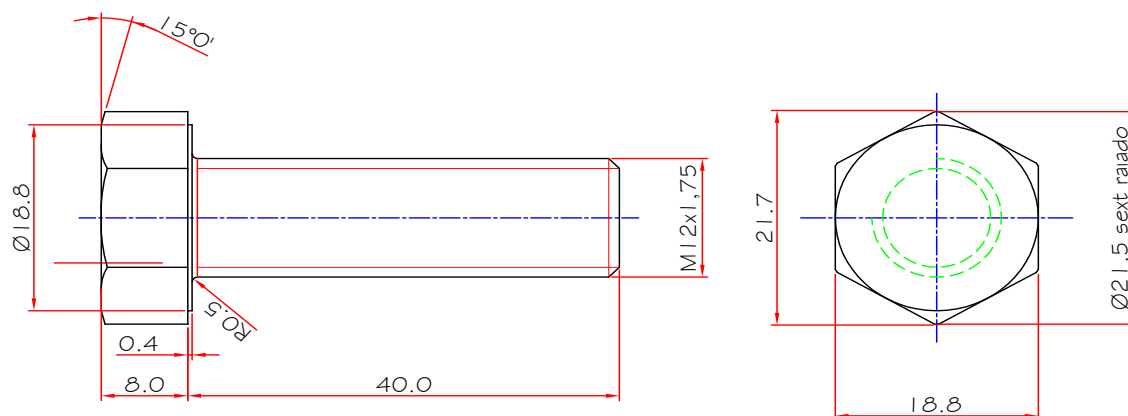

IMAGEM ILUSTRATIVA DO CONJUNTO MONTADO.

PORCA M12 JUNÇÃO DE ALMA NUT M12 SOUL JOINT

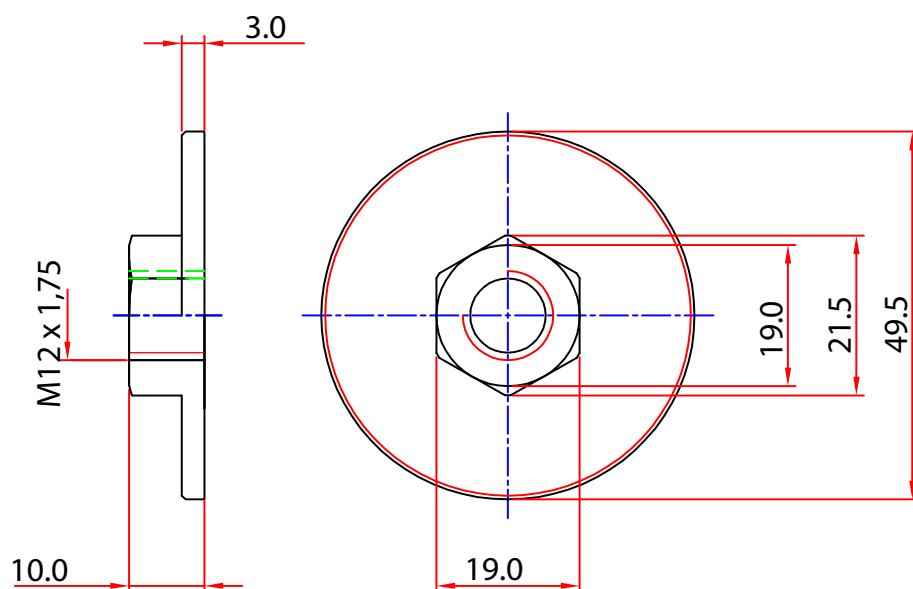

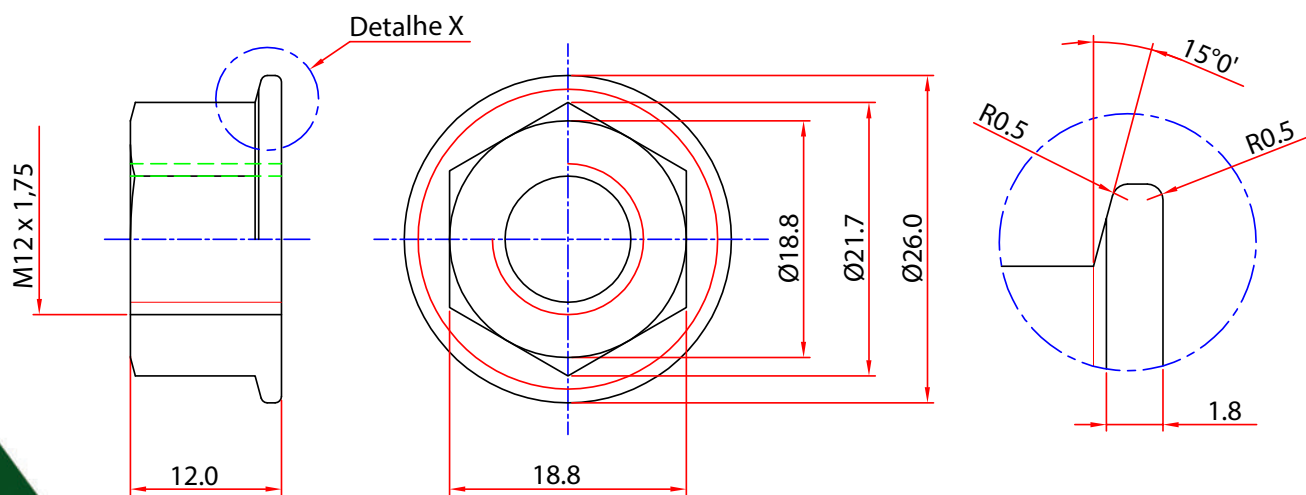

IMAGEM ILUSTRATIVA DO CONJUNTO MONTADO.

PORCA FLANGEADA R1

FLANGED NUT R1

Detalhe X - Escala 5:1

IMAGEM ILUSTRATIVA DO CONJUNTO MONTADO.

ARRUELAS WASHERS

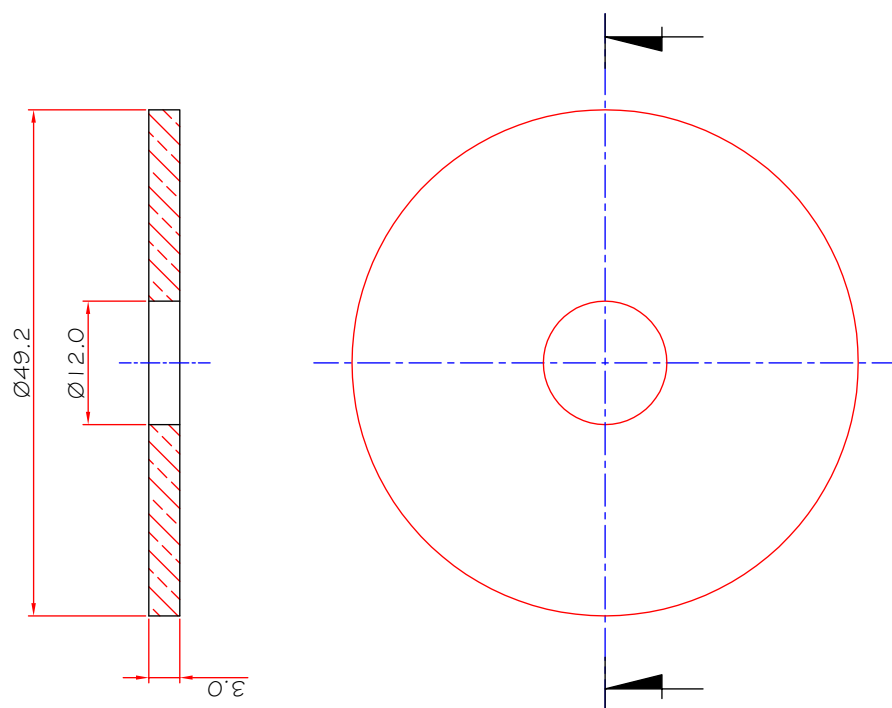

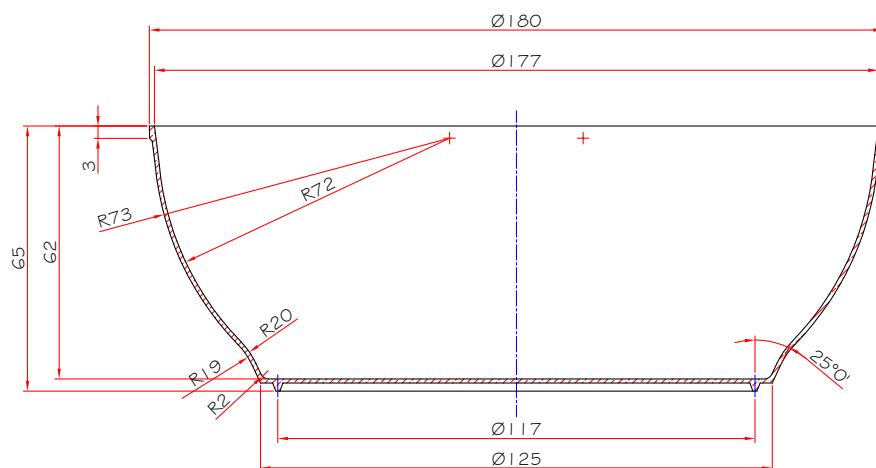

IMAGEM ILUSTRATIVA DO CONJUNTO MONTADO.

BACIA PLÁSTICA DE 1L E 3L

1L AND 3L PLASTIC BOWL

BACIA 1L

BACIA 3L

Consulte-nos: 55 (11) 4716-9090 / (11) 4716-3141
